

**REMARKS**

In addition to the remarks included with the Amendment filed on February 5, 2007, Applicant respectfully requests that the Examiner consider the following.

***Amendment summary***

Upon entry of this amendment, claims 1-16 will be pending.

Claim 13 is amended to depend from independent claim 1. Support for this amendment is found in, e.g., original claim 13 and pages 6-7 of the specification.

No new matter is added by this Amendment, and Applicant respectfully submits that entry of this Amendment is proper.

***Request for rejoinder***

Applicant notes that the previously withdrawn method claims now depend from the elected product claims. Applicant respectfully submits that rejoinder of the claims is proper because the method claims “depend from or otherwise require all of the limitations of the allowable product claims.” See MPEP § 806.05(f), ¶ 8.21.04.
